PRINCE MIRAS

Administrative Virtual Assistant

Location:Dipolog, Zamboanga del Norte, Philippines

Mobile Phone: 09551632053

Email Address: mirasprince123@gmail.com

PROFESSIONAL SUMMARY

Tech-savvy and highly organized 4th-year Information Systems undergraduate seeking a part-time Administrative Virtual Assistant role. Brings strong hands-on experience in accurate data encoding, digital file organization, and software configuration gained from an active MIS internship. Resourceful and capable of handling back-office operations and administrative tasks independently to reduce client workload and support business efficiency.

TECHNICAL & SOFT SKILLS

- **Data Entry & Encoding:** High speed and accuracy in data entry, managing digital logs, and updating spreadsheets.
- **Software Installation & Setup:** Proficient in deploying applications and configuring settings, including Adobe Photoshop, Animate, and After Effects.
- **PC Hardware Maintenance:** Skilled in full workstation setups, peripheral installations (printers/scanners), and deep cleaning system units.
- **File & Digital Organization:** Highly organized in managing large volumes of digital folders, archiving data, and maintaining structured records.
- **Tools & Platforms:** Google Workspace (Docs, Sheets, Drive), Microsoft Office (Word, Excel), Adobe Creative Suite.
- **Core Competencies:** Independent problem solving, strong attention to detail, fast learner, and disciplined time management.

WORK EXPERIENCE (INTERNSHIP)

MIS Student Intern

Jose Rizal Memorial State University (JRMSU) – Katipunan Campus | MIS Office

July 2026 – Present

- **Perform** hardware maintenance and deep cleaning of computer system units to ensure optimal performance and prevent overheating.
- **Install** and configure essential software applications, including Adobe Photoshop, Animate, and After Effects, across campus workstations.
- **Set up** and deploy full computer workstations, ensuring proper hardware connectivity, operating system functionality, and network alignment.
- **Configure** and install printer hardware and drivers, troubleshooting connection issues for office and laboratory use.
- **Encode**, input, and manage institutional data accurately into the campus information system while maintaining strict record confidentiality.
